

Branson Zimmermann

Mustang Soccer League, ECNL Boys U15

5'8"

GPA 3.8

HIS GAME

I started as a right back and wingback, not where most wingers begin their story. This season my coach moved me up front for the first time. I worked hard to earn my place and contributed 6 goals and 13 assists across 11 games. I train year round at Golden Boot Academy, develop tactically through Pathway Soccer's elite training group and compete with Gladiators Futsal in the offseason. On Wednesday nights I review film with my Mustangs SC teammates. I try to use every opportunity to get better, on the ball and off it. Off the field I maintain a 3.8 GPA and am passionate about engineering. I have played piano for 7 years and perform at a college level. I believe the discipline you build through music and academics shows up on game day. I know I have a lot to prove. That's exactly what motivates me.
