WHAT HER COACHES SAY

"Isabella is a powerful attacking threat. Can play as a target #9 - where her hold up play and bringing others into the attack as it builds up is very good, and as a #8 or #10 where she demonstrates the ability to play between the lines joining the attacks from a deeper position. A great striker of the ball when given opportunities to shoot. She demonstrates a high intensity work ethic on and off the ball, with a competitive mentality and will to win"

ROB HARRISON, CURRENT SOCAL BLUES 2010 ECNL COACH

"Isabella is a talented coach-able player that has a knack of scoring goals, but also works tirelessly on defense. She has a good soccer IQ and can play several positions well. She is very competitive in everything she does, hates to lose, and is liked by everyone on her team."

ABNER ROGERS, USASA HALL OF FAME WOMEN'S COACH

"Isabella Petroni is an exceptional leader and a fantastic presence on and off the pitch. If I told you to go to a game and find Isabella Petroni, I wouldn't even give you a jersey number. I would just say 'look for the kid that's giving every single bit of heart and energy on and off the ball, lifting her teammates with words and action, and that's her'"

KURT DIVICH, FORMER COACH
