## IN THE PRESS

*"Signorile is in the discussion as the best left back in this class. She was exceptional during the ECNL playoffs. ... Best yet, she's exceptional at keeping her team balanced and eliminating the counter from the opposition. She's good in the tackle and quick to get the ball off her feet. She's not a flashy outside back, but she's consistent and shuts down the winger. She's going to be a star at the next level."*
